

IISE SPONSORSHIP INFORMATION

Sponsorships play a vital role in supporting our chapter's mission.

They enable us to:

- Host social events that connect students with each other and with faculty
- Organize professional workshops and Lean Six Sigma training courses
- Recruit new members and increase our visibility on campus and online
- Provide academic and professional development resources
- Encourage attendance at meetings by providing food and creating a welcoming environment
- Educate and develop our members through interaction with industry professionals

How Sponsorships Benefit Your Company

Partnering with IISE at Texas A&M allows you to:

- Generate a **positive image** among Texas A&M ISEN students
- Build strong, **productive relationships** with the ISEN department
- Integrate your company's presence into campus events and **student engagement**
- Connect directly with **talented, motivated students** for recruitment and **brand exposure**

Sponsorships are one full academic year in duration.

All speaker events must be scheduled before the end of the spring semester. Events that are not scheduled by this deadline will not carry over into the next academic year, provided that both IISE and the sponsor have made good-faith efforts to arrange the event.
