Los Alamos National Laboratory

Recruiting for: Full-time, Internship

At Los Alamos National Laboratory, our mission is to solve national security challenges through scientific excellence. In the interest of advancing our nation's security, our greatest strength is in our ability to maintain broad science, technology and engineering (ST&E) capabilities across multiple disciplines, leveraged to meet the Laboratory's diverse national security missions. Some jobs at LANL require a DOE Security Q Clearance. If a clearance is required, it will be stated in the job posting. Applicants selected will be subject to a Federal background investigation and must meet certain eligibility requirements. An individual must be at least 18 years of age; U.S. citizenship is required except in very limited circumstances.

National (IPS Company)

Recruiting for: Full-time, Internship

National, an IPS Company provides electrical testing and maintenance services to improve the reliability, safety and efficiency of customer's equipment and facilities. Offering engineering services, NCCER accredited training, surplus power distribution equipment and more.

NFI

Recruiting for: Full-time

NFI is a fully-integrated North American supply chain solutions provider headquartered in Camden, New Jersey. Privately held by the Brown family since 1932, our company generates more than \$3.8 billion in annual revenue and employs over 16,000 associates. By empowering employees, embracing innovation, and delivering an unparalleled commitment to customers, we deliver logistics solutions that transform the way business gets done. Our customer-centric culture is people-led, technology-enabled, and harnesses the expertise of our growing network of logistics professionals. NFI's values place an emphasis on family, integrity, safety, customers, teamwork, and social responsibility. These values drive us to envision ways to positively impact our partners, as well as the communities we serve, by collaborating to scale technology and create ecosystems needed to support zero-emission operations. NFI's business lines include dedicated transportation, warehousing and distribution, ecommerce fulfillment, brokerage, transportation management, port services, intermodal, global logistics, and industrial real estate.
